August 1, 2008

**Smiths Tubular Systems,- Laconia, Inc. DBA Lewis & Saunders (L&S)** is pleased to introduce Avion Global as an authorized sales representative for products and services provided to commercial airlines, overhaul shops and distributors.

**L&S** is a part of Smiths Tubular Systems. Our company is an OEM supplier to GE, P&W, IAE, Rolls Royce, Goodrich, Lockheed, etc. We are also a world leader in the repair and overhaul of rigid tubes, manifolds, ducts, as well as repair of flexible hose assemblies used throughout the aerospace industry. L&S holds FAA ((RY5R188N), EASA (145.4632) and CAAC (F00100010) repair station licenses.

**Avion Global** is an international sales and distribution company specializing in aftermarket services and parts sales to commercial airlines and MRO facilities worldwide. Avion Global has technical sales professionals located in Asia, North America, Europe and Latin America with a track record of success in serving their clients and customers.
